

Food Waste Warriors

A CASE FOR **Bulk Milk**

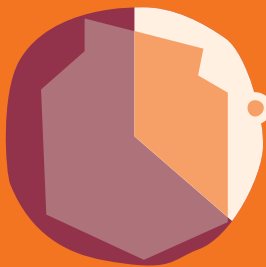

What is it?

Reusable, refillable, and insulated multi-spigot containers that can hold 3-5 gallon bags of cooled liquid milk, from which students and teachers can serve themselves in a school cafeteria (often with reusable cups).

USING MILK CARTONS...

8.8 GALLONS
MILK SERVED DAILY
ON AVERAGE

3.2 GALLONS
THROWN AWAY
EACH DAY

about **36%**

That's almost **28 POUNDS!**

ROUGHLY
32 CARTONS
PER STUDENT
DISCARDED EVERY YEAR

AFTER
TRANSITIONING
TO
**BULK MILK
DISPENSERS...**

<2 GALLONS
OF MILK WASTED
PER DAY

Other benefits include:

- Lower schools' trash disposal & recycling fees
- Reduced school environmental impacts & GHG emissions
- Increased student ownership in food service choices & portion size
