

Arctic Community Wildlife Grants

Any individual or group requiring assistance in preparing a proposal is encouraged to reach out to discuss the desired project. Send an email to ACWG@wwfus.org or call us at 907-279-5504. Your application is subject to WWF's Privacy Policy.

Proposal

Project Name *

Organization *

Date of Submission *

Month Day Year

Primary Point of Contact *

Enter the primary point of contact's full name here.

Email address *

Enter the primary point of contact's email address here.

Other Contact Information

Implementing Partners

Are you partnering with any other organizations on this project? If so, list them here.

Funding Requested *

What is the total amount requested from WWF for this project?

Geographic Scope *

- Bering Sea and/or adjacent coastal area
- Chukchi Sea and/or adjacent coastal area
- Beaufort Sea and/or adjacent coastal area

I. Background and Context

Describe the geography, the challenge or opportunity to be addressed, collaborators, past activities on which the proposed project may be built, and any other relevant contextual information. *

(up to ~400 words)

II. Project Description

Objectives *

(up to ~200 words)

Methods *

(up to ~500 words)

Workplan *

(up to ~300 words)

Broader Implications *

(up to ~300 words)

III. Anticipated outcomes with associated metrics and target dates of achievement

Outcome	Measurable benefits to Arctic wildlife and People	Target(s)	Target achievement date
<i>Increase safety of people living in polar bear habitat</i>	<i>People have the tools and knowledge to increase safety from polar bears for themselves and their community</i>	<i>10 people with deterrence tools 20 people trained in polar bear deterrence</i>	<i>June 30 2025</i>

Fill in the table below. An example has been provided in italics above. Note that the software requires input in all rows and columns. If you have fewer than 4 outcomes, enter n/a into the extra cells.

Outcome	Measurable benefits to Arctic wildlife and People	Target(s)	Target achievement date

2			
3			
4			

IV. Relevance to communities on the coast of the Bering, Chukchi, or Beaufort Seas and involvement of community decision-makers and residents in the project

Indicate relevance to specific communities and outline their involvement in project planning. *

(up to ~500 words)

V. How do you plan to disseminate the results of your project to interested parties, including coastal communities?

Indicate methods of distribution. *

V. List all major project contributors

List individual contributors and briefly describe their role in the project *

VII. Project Budget

Note that upon notification of award, applicants selected for funding must submit a full project budget, including secured and unsecured funding from other sources, and a detailed indication of how WWF funds will be used. Indirect costs for all Universities are capped at 12.5%.

What is the total budget for the project, including funding from sources other than WWF? *

If no other funding sources are contributing, enter the amount requested from WWF. In that case, this answer and the following answer will be the same.

What is the total funding requested from WWF? *

How much is for personnel? *

Provide a total amount and describe the number of personnel and the number of work hours to be paid using WWF funds.

How much will be contracted or sub-granted to another entity? *

If the entity is known, please note the name of the organization and the amount to be given.

How much is for equipment (durable supplies that cost more than \$5k per item)? *

Provide a total amount, indicate the type of equipment, and explain how it will be used for project activities.

How much is for travel costs? *

Provide a total amount and describe the number of people traveling and the number of trips anticipated. Explain how this is relevant to the project.

How much is for other project costs? *

Provide a total amount, describe other costs to be funded by WWF, and explain the relevance to the project.

VIII. How did you hear about this opportunity?

Please indicate how you heard about this grant program. *

Contact ACWG@wwfus.org or 907-279-5504 with any questions or concerns regarding the program or application process.
