

Food Waste Audit: Weight Log (Job 5)

School:	Date:	Researcher:
---------	-------	-------------

Materials:

- Seven buckets: one for each of the waste categories below (entrée, fruit, vegetable, white milk, flavored milk, other) plus a bucket for trash, which should be placed at the beginning of the dumping line. Each of the waste buckets should have a label taped to the outside.
- Bucket or container to collect unopened, sealed food items (for schools that don't have share tables)
- Audit box, which includes gloves, spatulas, suitcase scales
- Food Waste Audit Forms for Jobs 4 and 5

Weight of <u>empty</u> buckets (lbs)						
--------------------------------------	--	--	--	--	--	--

Lunch period	Waste category	Weight (lbs)	Cumulative? (Y / N)	Notes / Count each fruit type (w/ core, pit, or peel)
