

WWF Environmental and Social Safeguards Categorization Memorandum

| Project Title: Financial tools for small scale fishers in Melanesia | Date: 3/17/2020 | | | | | | | | | | | | | | | | | | |
|---|--|------------------------------|-----|----|--|--|---|------------------|--|---|-----------------|--|---|--------------------|--|---|--------------------------|--|---|
| Project Location and salient physical characteristics relevant to the safeguard analysis: N/A | Project Categorization (A,B,C): C | | | | | | | | | | | | | | | | | | |
| Project Description: <p>The project objective is to improve resilience to the adverse impacts of climate change, including major shock events, in vulnerable coastal small-scale fisher communities in Fiji and PNG and to engage the community members in financial literacy training, specific to the financial products that will be developed. This objective will be achieved through three components:</p> <p>Component 1: Enabling environment for financial products to improve resilience for small-scale fisher communities in Fiji and PNG (Northern Viti Levu and Vanua Levu coasts and Madang)</p> <p>Component 2: Under this component, Willis Towers Watson (WTW) will design tailored financial products to address the climate risk to coastal fishing communities and support the climate adaptation of these communities.</p> <p>Component 3: This component will focus on M&E and Knowledge Management.</p> | | | | | | | | | | | | | | | | | | | |
